Report No. SAT-01739

Friday July 7, 2023

Satellite Licensing Division and Satellite Programs and Policy Division Information **Space Station Applications Accepted for Filing**

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-LOA-20230612-00136 E S3174 Outpost Technologies Corporation
Date Filed: 06/12/2023 16:49:27:64600
Launch and Operating Authority

Outpost Technologies Corporation requests authority to launch and operate one satellite, Mission 2, in low-Earth, non-geostationary orbit. Outpost's Mission 2 would deploy to a sun-synchronous circular orbit at an altitude of 525 km (± 20 km) and operate using the 401-402 MHz (space-to-Earth) and 449.75-450.25 MHz (Earth-to-space) frequency bands for telemetry, tracking, and command. Outpost requests that its application be processed in accordance with the small satellite licensing procedure under 47 C.F.R. § 25.122.

For more information concerning this Notice, contact the Satellite Licensing Division and Satellite Programs and Policy Division at (202) 418-0719.
